ALEX KID IN MIRACLE WORLD-RACED CASTLE

When on the draw bridge, get the two stars--jump down and go all the way down, to the right. Go down the first ladder--jump over the flames, go left and punch out the gold boxes.

You can use your breasted at this point. Keep going left, jump between the open bricks, get the star and money on the left side of the room. If need be, you may find boxes to right, shoot out all the gold bricks. Pass by the next ladder you see. Enter the room with lots of gold boxes and two EO star boxes. Get the money in the boxes and take the ladder going down.

In along the top of the room, make your way down and go towards the right into the next chamber. Pass the spikes. Keep going right to the frog room. Take out the frog, keep going right into the room with two (15) question boxes--scorpion and flames. The bottom question box is a bracket.

Take the ladder located in the top right portion of this room. You will enter a "Y" shaped room. Break the gold boxes, this will enable you to make your way up. At the top you will want to go left. On the other side of this room is a room with two question boxes and spikes just hanging in mid-air. Be not afraid to get those question boxes. Jump over the spikes and the question boxes, keep moving to the left.

The next room has bricks, plants and water. Take the ladder in the left side of the room and go up. At the top of this ladder, go left into a room with only one star box. This box contains an Alex. There is also a flame in this room. Make your way to the top left of the room towards the ladder in the next room. Take the ladder all the way up and go left. You will enter a room with four ladders, three flames and a question box. Take the ladder at the top left of the room.

You will enter another gas room with a pink fish box at the left side of the room. Punch the fish box quickly. One of these flames and run fast to the right side of the room. Go up the ladder. You will enter a room with three frogs, take out the frogs, exit the top right portion of this room. The next room will have hanging spikes, trees over the bottom portion. Jump over the flames that appear when you cross it. Punch the gold box at the end of the floor and drop down to another room. This room contains one fish box and two spikes. Punch the fish box water, take out the scorpion and go towards the right.

The following room is a good spot to use the cone of flight. This room has a question package and watch out the finger drops out! Use the cone to float to the top of the room using the ladder in the right portion of the screen. You will enter a room with scorpions, frogs and a pink fish box, punch the box five times and go to the right into the next room.

In this room, there will be a frog and moving flames. Sit the power button and use your question package (Teleport Powder). Jump past the frog, go down the ladder that is second element on the wall on the right hand side. Jump down, watch out for scorpions and flames, go right.

Now, there are no limits. **SEGA®**
